

## Group Agrees On Rent Curbs

### Gives Owners 'Fair Income' For Property

Washington, March 28—(AP)—Senate-House committee agreed today on a compromise 15-month extension of rent controls, but the measure ran into some trouble in the Senate.

After long wrangling, Senate-House conferees came to terms on a provision directing that rents be fixed at a level giving landlords a "fair net operating income." The bill also would let states, cities, towns and villages scrap rent controls if the state governor approved.

The compromise still must be ratified by both the Senate and House before it can be sent to President Truman. Time is running short. The present rent law expires at midnight Thursday.

**Put Off Senate Action**  
Apparently because many senators already had left for home, administration leaders decided to put off Senate action until tomorrow. The House is expected to act then, too.

But the measure was presented to the Senate officially today, and it promptly stirred a round of protest. The provision under attack was the one requiring the housing expediter to fix rent ceilings at a level which would give landlords a "fair net operating income."

Senators Ferguson (R-Mich.) and Taft (R-Ohio) contended the provision is too vague. They said it isn't clear what is meant by a "fair income" and just how it would be determined.

The bill was defended by Senators Maybank (D-S.C. and Sparkman (D-Ala.). They said there are adequate guidelines for the housing expediter to use in arriving at a fair income for landlords.

**Bricker Calls It 'Sham'**  
Before the debate started, Senator Bricker (R-Ohio) told a reporter the bill is "an absurdity and a sham" so far as providing relief for landlords is concerned. He said he might move tomorrow to send the measure back to the joint committee for revision.

The "fair net operating income" provision was included in lieu of a Senate bill clause which would have boosted many rents 10 per cent and a House one assuring landlords "a reasonable return on the reasonable value" of their property.

Bricker is understood to have opposed the scuttling of the House language in the conference.

Backers of this phraseology say it would compel the Housing Expediter in fixing rent ceilings, to make allowances for interest the landlord pays on mortgages, costs. The phrase "fair net operating income" covers such things as operating and maintenance expenses and real estate taxes, but not interest and amortization costs, legislators said.

## Men Divide House That Sets On Line Between Property

Wewoka, Okla., March 28—(AP)—A House divided against itself is still standing here despite a war between the landlords.

But the split is now several blocks wide. The \$8,000 house was built on the dividing line between two lots. The state sold the lots in 1945 for delinquent taxes. Dr. A. V. Coffey, a Negro physician, bought one; S. N. North, a real estate dealer bought the other.

But the two could not agree which should collect rent from the tenant, Miss Viola Payne.

Four years and two lawsuits later, Dr. Coffey prescribed surgery—with a saw. A surveyor ran the property line through the house, right through the living room. Dr. Coffey allowed north an extra six inches and called in the carpenters.

After the slice, Dr. Coffey hauled his share to a new location. He says he'll build a new section to replace north's portion. North is out of town and hasn't said anything.

As for Miss Payne, she gave up long ago and moved.

## EIRE ENDS SOAP RATIONING

Dublin, Eire, March 28—(AP)—The government announced tonight the end of soap rationing.

## FIND BODIES OF SEVEN

Manila, March 28—(AP)—The bodies of seven of the nine U. S. airmen who perished in the crash of a B-29 bomber plane have been found by a ground party searching a mountain 15 miles northeast of here.

The plane crashed March 15 after refueling the globe circling B-50 Lucky Lady II.

Average flax yield per acre in South Dakota in 1943 is estimated at 9 4/5 bushels.

## Judge Refuses 2 Attempts To Free Babich On Bond

Milwaukee, March 28—(AP)—A tangled teen-age melodrama paused today before moving on to its final act in a murder trial courtroom. Milton Babich, 19-year-old student, stood mute when arraigned on a charge of first degree murder in the death Feb. 10 of pretty Patricia Birmingham, 16. But his bride, Kathleen, at 17 the mother of his unborn child and sister of Patricia, cried out "Milt, Milt, when can I see you?" and ran after him as officers took him back to jail.

A plea to free Babich on bond was twice denied, the second time by Circuit Judge Daniel Sullivan who declared:

"I'm satisfied from reading this confession that a jury would be justified in finding a verdict of guilty of first degree murder."

The first appeal for Milton's release on bond denied by District Judge Harvey L. Neelen. District Attorney William J. McCauley said that Wisconsin statutes provide that only a supreme court justice or a circuit court judge may fix bond in a crime punishable by life imprisonment.

**Mayor Tells Gary He Plans Changes For Police Dept.**

Gary, Ind., March 28—(AP)—Mayor Eugene Swartz told Gary's crusading women today that he plans "major changes" in the police department to "make Gary a clean city."

After a 31-hour conference with 18 leaders of the women's crusade, Mayor Swartz declared he will insist that his police force clamp down on vice and gambling.

"There will be no organized or syndicated vice or gambling in the city," he said in a statement to the press.

The women nodded their agreement, and Mrs. Benjamin Saks said "Now we have the mayor on our side."

Mayor Swartz promised to announce the "major changes in the police department tomorrow morning" in order that Gary may have a department in which they may have fullest confidence.

## To Begin Hearings On State Institute For Cancer Soon

Springfield, Ill., March 28—(AP)—Legislative hearings are slated to begin Wednesday on a proposed \$50,000 State Cancer Institute.

Supporters of the plan to build a 200-bed cancer research and treatment hospital in the Chicago Medical Center will present their arguments before the Senate Public Welfare committee.

Senator A. L. Marovitz (D-Chicago) said the proposed 11-story institute would afford better care for Illinois cancer victims and would speed studies on control of the disease.

Cancer took nearly 13,700 lives in the state in 1948.

Marovitz and five other senators recently brought in the bill to set up the hospital. All but one of the group are sponsoring a second bill to help pay construction and operating costs.

## DECLARE DIVIDEND

Minneapolis, March 28—(AP)—The Board of directors of General Mills today declared a dividend of 50 cents a share on General Mills common stock. It is payable May 2 to stockholders on record April 8.

## CONFIRM NICHOLS

Washington, March 28—(AP)—The Senate confirmed today President Truman's appointment of John R. Nichols of New Mexico to be commissioner of Indian affairs, succeeding William A. Brophy, resigned.

## D. C. TO HAVE FAST TIME

Washington, March 28—(AP)—The House passed today a bill to let the District of Columbia commissioners put the nation's capital on daylight saving time this summer.

communism. The court of appeals upheld his conviction unanimously.

His attorney, O. John Rogge, based the appeal, for one thing, on a contention that when Christoffel testified a majority of the 25-member House committee was not present.

If a quorum was not present, Rogge said in his petition, Christoffel could not have committed perjury within the meaning of the District of Columbia law.

In another case involving a House committee, the court heard arguments on the contention of Gerhart Eisler that the un-American activities committee was illegally set up.

Eisler, an alien communist, was convicted of contempt on a government assertion that he refused to be sworn as a committee witness on February 6, 1947. He was sentenced to a year in jail and fined \$10,000. The sentence was stayed for appeal.

## Coal Industry Nears Normal

### INCOME OF CIPS EXCEEDS 1947 TOTAL

Springfield, Ill., March 28—(AP)—Net income of the Central Illinois Public Service company for 1948 was \$4,513,622, or \$160,264 over 1947, the utility's annual report showed today.

For the first time in CIPS history, electricity sales topped one billion kilowatt hours. Sales in 1947 were about 860,000,000 kilowatt hours.

### Say Truman Will Insist On Fight To Save Wallgren

Washington, March 28—(AP)—Despite his lieutenants' advice that the chances look dim, President Truman was reported today to be insisting on a fight to save the Mon C. Wallgren appointment.

The fight may not begin immediately, however. The president is said to have decided to let the whole matter rest for a few days while he sees what can be done toward outmaneuvering some of Wallgren's opponents.

Associates said that if other means fail they expect the president to urge Chairman Tydings (D-Md.) to take the lead in a fight to take away from the Senate Armed Service committee and place directly before the Senate Wallgren's nomination to head the National Security Resources board.

Tydings told a reporter he has not been invited to discuss the matter with the president, but would be willing to talk it over if Mr. Truman desires.

### Says Landlord May Evict Tenants To Make Apartments

Chicago, March 28—(AP)—A federal judge today held that a landlord has a right to evict his tenants to convert his building into a cooperative apartment house.

Attorneys said the ruling is the first of its kind in Chicago. A similar case is before the supreme court of New Jersey and another is pending in South Dakota, they said.

Judge John P. Barnes dismissed a suit by the Federal Housing Expediter to bar evictions by Gerald R. Gorman, the landlord, of suburban Oak Park.

The government contended that a landlord may take such action only against minority tenants when 65 per cent or more of them voluntarily enlist as cooperative owners.

Judge Barnes denied the stipulation and said: "Any man can sell anything he wants to. Why shouldn't he withdraw it from the rental market if it's costing him money?"

### Man Kills Wife, Self After Failing In Reconciliation

Evanson, Ill., March 28—(AP)—Slaying and suicide today wrote a stark finale to a five-month rift in the marriage of Joseph W. Cowley, 34, and his wife, Katherine, 24.

Hubert Kelsch, chief of detectives in the Chicago suburb, said Cowley killed his wife with two shots from a .32 caliber pistol.

Then, after telephoning Desk Sergeant Bert Schlenger "I've just killed my wife and I'm going to kill myself," he fired a bullet into his own temple.

Police raced to the South Evanson apartment building where Mrs. Cowley had been living with another woman. In a front bedroom of the first floor, they found the wife dead of wounds in the chest and back of the head. Cowley, a pistol clutched loosely in his hand, died ten minutes after officers arrived.

Kelsch said he learned that the Cowleys formerly lived in Ellersburg, Va., near Richmond. After estrangement, Mrs. Cowley came to Evanson last November and became a movie ticket seller. In December, Cowley, a wartime marine, came here and rented a room a few blocks from his wife's apartment.

The detective chief said the shooting may have culminated an attempt by Cowley to win reconciliation with his wife.

### REDUCE PRICE OF STEEL

Chicago, March 28—(AP)—Inland Steel company announced today price reductions up to \$4.50 per ton on galvanized sheets. The company said the reduction reflected the drop in the price of zinc from 1 1/2 cents to 16 cents a pound.

### LOWERS LEAD PRICE

New York, March 28—(AP)—American Smelting & Refining Co. today reduced the price of lead one cent a pound to 17 cents a pound, New York basis.

This was the third price reduction for lead this month.

## 463,000 Back To Pits After 2 Weeks Out

Pittsburgh, March 28—(AP)—The nation's coal production rose rapidly toward normal today after 4663,000 U.M.W. hard and soft coal miners ended a two-week stoppage east of the Mississippi.

Diggers quit the pits March 14 on orders of UMW Chief John L. Lewis. He said the two-week stoppage was a memorial to dead and injured miners. He declared also it was a protest against the appointment of Dr. James Boyd as U. S. Bureau of Mines head.

Lewis' order terminating the work stoppage made no reference to Boyd. His announcement of the work stoppage mined no words on his opinion of the new mines bureau head.

**Cost 20,000,000 Tons Of Coal**  
A western Pennsylvania coal operators association spokesman estimated that the stoppage cost some 20,000,000 tons of coal production. This source fixed wage losses at \$55,000,000, based on two full work weeks.

But many mines, in both hard and soft coal regions affected, were working at a reduced scale when the stoppage began. Steel-company-owned pits were working six days a week more than the work week—in many cases.

The Pennsylvania state anthracite committee today fixed a 965,000-ton weekly quota for the first week of the hard coal miners' return. This was double the quota of the week of March 7, the last the miners' workers the anthracite pits before the shutdown. The diggers were working only two and three days a week under the old quota. The quota fixed today means at least four days this week.

Most miners were glad to be back at work. They had felt the wage losses.

### Orderly And Uneventful

Th return to work was orderly and uneventful. Some operators said it would take them a day or two to reach pre-shutdown operating levels.

Most miners were happy to be back in the pits. They had felt the loss of an estimated \$55,000,000 in wages during the shutdown.

State after state in the coal regions reported virtually all miners working. Here's the picture:

West Virginia—Practically all 110,000 miners at work and production zooming. Only 200 miners out of 125,000 were idle in a huge area comprising part of the state.

Pennsylvania—Operators' associations didn't know of a single pit that wasn't producing again. Near Greensburg, Pa., a miner was caught in a conveyor and killed. In the anthracite fields of eastern Pennsylvania, hard coal mines opened with the bulk of their 75,000 men at work. Retailers reported a rush of orders this morning but thought mild weather would soon cut the demand.

**300 Still Idle In Illinois**  
Indiana—All 9,300 miners hard at work; Illinois—about 300 of 20,000 Illinois UMW miners still idle at Centralia. An official of the mine involved said the pit was ordered closed for economic reasons, adding: "It simply means we can mine coal more economically at other mines under present market conditions." Alabama—Virtually all 18,000 diggers on the job.

Coal mining in western states was not stopped by the Lewis order. Lewis said severe climatic conditions there made it necessary to continue to mine coal.

Coal-carrying railroads affected by the mine closing perked up quickly at the end of the work stoppage. Roads announcing plans to recall furloughed workers included the Norfolk and Western railway, Virginian railway; and Louisville and Nashville. Others, like the Baltimore and Ohio and Pennsylvania, did not reveal their plans. At the height of the mine shutdown, more than 70,000 railroad men were laid off.

## Acheson States He Will Not Attend All U.N. Meetings

Washington, March 28—(AP)—Secretary of State Acheson has decided to give mostly a free hand to the experienced American delegation at the forthcoming session of the United Nations general assembly.

The State department disclosed this today in announcing Acheson plans to attend the opening meeting April 5 at Lake Success, N.Y., and then to return to his job here.

In thus reversing the practice of his predecessor, General George C. Marshall, Acheson is conforming to a recommendation of the Hoover commission on governmental reorganization which said the secretary is "needed in Washington." Marshall personally headed the American delegation at U.N. sessions.

## House Group OKs Grant For Power Projects By U.S.

Washington, March 28—(AP)—A new battle over the old issue of government power projects was forecast today when the House appropriations committee endorsed a big transmission program. It is wrapped up in the interior department's \$577,324,408 money bill for the year starting July 1.

Debate may begin in the House tomorrow. Republicans fought it out in the committee and said they haven't given up. Rep. Jensen (R-Iowa) said the bill moves toward "government control of all utilities."

The legislation provides expansion of power production and transmission facilities in the various government-owned projects of the west, southwest and northwest. The committee trimmed 15 percent in general from most power and other construction projects in the bill figuring that costs are lower than when the program was mapped out.

At the same time, the committee advised department officials to ask for more appropriations if the cost drop failed to pan out as expected.

### Rescue 11 Airmen As Their Plane Sinks In Pacific

Pearl Harbor, March 28—(AP)—Eleven navy men were rescued from the mid-Pacific in a nick-of-time rescue last midnight nine hours after their sinking Catalina flying boat was forced down by engine failure.

They had estimated the leaking bulk could stay afloat no longer. Just within the limit, the Navy LSM 448 (landing ship, medium) was guided to the scene by a marine transport plane and picked up all the castaways. It was due to land them at Kwajalein three days hence. No one was injured.

The Catalina was being ferried from the Central Pacific air base of Kwajalein to San Diego when it was forced down at 2:30 p.m. Sunday (Hawaiian time).

The spot was 605 miles west of Johnston Island and 1,300 miles southwest of Pearl Harbor.

Fifteen long-range search planes from these islands took to the air and seven surface ships in the area were alerted.

Marine 35B Skymaster on route from Honolulu to Guam on a military air transport run, dropped its passengers at Johnston Island and joined the search.

## Boy, 12, Laughingly Admits Strangling Two-Year-Old Boy

Fond Du Lac, Wis., March 28—(AP)—A laughing admission that "I tried this once before" was made today, Municipal Judge Hazen W. McEessy said, a 12-year-old boy accused of strangling little Michael Strobel last Wednesday night.

The judge, who interviewed the lad in his chambers pursuant to Wisconsin state law in juvenile matters, ordered a physical and mental examination and set April 8 as the date for a hearing on a charge of causing Michael's death. The law also forbids any identification of juveniles accused of law violations.

The boy, who has eight brothers and sisters, was quoted by police as admitting that he used a belt to strangle two-year-old Michael. He bumped his head during a tussle with the smaller boy who didn't want to go to bed, officers said he related, adding that "when I bump my head it makes me mad."

Michael's body was found early Thursday, wrapped neatly in a pillow piled on top, behind a curtain in his parents' bedroom after his mother, a night-shift waitress, returned home and noticed he was not in his own bed.

"We want peace, if we can humanely get it with honor and freedom. But if there is aggression, we are calmly confident that we can stop it. In this faith, I enter on this high office in the service of the nation."

An estimated 15,000 spectators witnessed the colorful oath-taking ceremony in the five-acre garden court of the Pentagon, and with it the farewell to retiring Secretary James V. Forrestal.

Johnson, 58, a former Clarksville, W. Va., lawyer, told the throng: "The size of the defense job we have is not of our choosing. It has been thrust on us by the tension of the world today. America is committed to defend its own national interest and the principles of world democracy.

### CANADA WILL CONTROL TELEVISION THERE

Ottawa, March 28—(AP)—Canada announced today television will be organized in this country at once under government control.

J. J. McCann, minister of National Revenue, said production centers and broadcasting stations will be set up first in Toronto and Montreal. Parliament will be asked to provide \$4,000,000 for initial costs of installations and development of service.

### Cut Minimum Cash Down Payment On Stocks To 50%

Washington, March 28—(AP)—The Federal Reserve Board tonight cut the cash down payment required on stock purchases from 75 to 10 percent of the price of the securities, effective Wednesday.

This action had long been demanded by securities dealers and by New York Stock Exchange President Emil Schram, in the hope that it would lift markets out of doldrums that have kept trading at an unusually low level for months.

The reserve board explained it was relaxing the margin requirements "in the light of the general credit situation."

This was a strong indication that the board believes that inflation has ceased to dominate the economic situation.

Earlier this month, the board relaxed controls over installment buying credit, giving a longer term for installments on purchases of automobiles, furniture, refrigerators, washing machines, radios, and several other household items.

## Accept 3 Musical Works Of Student For Performance

Champaign, Ill., March 28—(AP)—A 19-year-old musician has had three of his works accepted for public performance.

He is Peter A. Eckert, a sophomore in the University of Illinois School of Music. He is the son of the Rev. D. L. Eckert of Yorkville, Ill., formerly of Charleston and Danville in this state.

"Black Magic," from young Eckert's pen, will open the first act of an original dance drama, "Off with their heads," which opens Wednesday here under university sponsorship.

Another of his pieces "Lament," was performed recently at the U. of I. contemporary arts festival. And a movement from his "Suite for string orchestra" was performed March 19 at a Davenport, Iowa, music educators' meeting by the University of Illinois.

Capahart has proposed a \$3,000,000 top on the aid during the next 15 months, but Jenner demanded:

"Why stop at \$3,000,000,000? Why not save all of it?"

## Charges America Does Not Recognize Young Musicians

Dallas, March 28—(AP)—America offers its young musicians every opportunity except that of being recognized, Miss Gay Tapley of Portland, Me., said today.

Miss Tapley took part in a panel discussion on "our responsibility as young musicians" as the National Federation of Music clubs began its 25th biennial convention.

She was a delegate last May to the second International Congress of Jeunesses Musicales (young musicians) in Luxembourg.

"Here we have a broad program of music participation, such as improvisation Europe could never afford its children," she said. "But it seems we take our opportunities for granted and fail to appreciate them."

## To Mail 71,602 More Bonus Checks

Chicago, March 28—(AP)—The Illinois Service Recognition Board today reported it expects to mail approximately 71,602 more bonus checks to state vets.

To date 844,390 checks have been mailed from both Springfield and Chicago, including mailings Friday. At the start of the bonus, the board expected approximately 916,000 claims would be paid.

On Friday the board mailed 400 checks, all to Chicago and Cook county, for a value of \$123,036. No checks were mailed from Springfield. Total paid out so far is \$307,102,898.

THAT IS THE LAW IN ILLINOIS

The death of a 10-year-old boy who was struck by an automobile last week just after he stepped from a school bus on a state highway eight miles west of Springfield, in Sangamon county, brings tragically to attention the grave responsibility of all motorists toward school bus transportation.

Transportation of pupils on a wide scale is a comparatively new activity among Illinois schools. In many instances automobile and truck drivers are not informed as to correct procedure when meeting or pulling up behind a school bus discharging pupils. In other instances the bus drivers or pupils are not complying with the recommended procedure.

County Supt. John C. Deem, tells us that the Illinois Department of Public Instruction has laid down a set of rules governing traffic in relation to school buses. The recommendations of the state department are:

1. The driver of the bus stops his bus while the bus is fully on the pavement. Drivers should not pull off the pavement either wholly or partly, as this action confuses motorists.

2. When the bus has attained a full stop the driver lowers the stop sign on the left front side of the bus. This is a warning not only to drivers who might anticipate passing the bus from the rear but also motorists who are meeting the bus from the opposite direction.

3. The driver then opens the door of the bus.

4. The school bus patrolman is the first to alight from the bus if children alighting at this point are to cross the road. Children then proceed to get off and cross the road under the direction of the school patrolman.

5. After all children have crossed the road the student patrolman should reenter the bus, the driver shut the door, raise the stop sign on the left front side of the bus and drive on.

If all drivers and school children will follow these instructions implicitly motorists will soon become acquainted with the procedure. Thirty-five school buses are now in operation in Morgan County. Most of these make more than two round trips each day. Several hundred children are being transported. Careful examinations are given periodically to bus drivers. Drivers are urged to report the license numbers of cars violating traffic regulations.

Morgan County is proud of its record of no injuries to occupants of school buses during the past three years when the number of children transported has greatly increased. It is a record that all should guard zealously by their own caution.

SENATE REJECTION OF WALLGREN  
NOT ON PARTISAN BASIS ALONE

There was no sign of Democratic political vengeance when the Senate Armed Services Committee refused to confirm the President's nomination of Mon C. Wallgren to head the National Security Resources Board. Three of the six party members who voted to uphold his choice were filibuster Southerners who are hopping made at the President's civil rights program.

Partisanship was surely present in the solid Republican vote against Mr. Wallgren. But there also must have been some agreement with Mr. Byrd's assertion that the post "should be filled by the most competent and capable man available without regard for past services or personal friendship."

More than once Mr. Truman has said, in effect, that there are a million men in the United States better qualified to be President than he, but that he is the man who happens to have the job. Many Americans who disagree with the President's unpretentious estimate of his abilities will admire the candor and modesty of his statement.

But candor and modesty are only two of his conspicuous qualities. Another is his intense loyalty to his friends and his gratitude for "past services." This has aroused a suspicion that, in some of his appointments, there seem to be a million men in the country better qualified than his choice, but that his friend happens to be the man he wants for the job.

If Mr. Wallgren's nomination had won Senate confirmation, the familiar criticism of "government by crony" would have been revived. For the chairmanship of the National Security Resources Board is certainly one of the most important jobs in government.

The man who gets it will be the President's chief adviser on mobilization of industry and manpower in the event of war. He will be responsible for a plan to adjust our economy to wartime conditions, to integrate civilian and military preparation to stockpile strategic and critical materials, to relocate industries and government activities if necessary, and otherwise to gear our whole national life to a tempo of all-out effort.

Mr. Wallgren's qualifications included 25 years in the retail jewelry and optical business, eight years in the House, four in the Senate, and one term as governor of Washington. He also was a champion billiard player. Mr. Truman met him while both were senators, and apparently found him a genial companion and a good story teller.

When he failed to be re-elected governor last fall, Mr. Wallgren moved to Washington, apparently hopeful of a job. He will probably get one. But the Senate can scarcely be blamed for questioning his ability to fill the job that Mr. Truman picked for him. Someone with more promising experience can certainly be found among the top figures of business and industry.

Harry Truman's loyalty to his friends is admirable. But the first loyalty of the President of the United States must be to his country. This carries with it, among other things, an obligation to seek the most capable men for the government's most important appointive jobs.

Glasgow Couple  
To Mark Golden  
Wedding Date

Glasgow.—Mr. and Mrs. B. E. McEvers, a well known couple of the Glasgow community, will quietly observe their golden wedding anniversary at their home here Wednesday, March 30.

MR. AND MRS. MCEVERS

On March 30, 1899, B. E. McEvers, son of the late Mr. and Mrs. Byron McEvers, and Miss Neva Adams, daughter of the late Mr. and Mrs. W. J. G. Adams, were united in marriage in the home of the bride's parents west of Glasgow. The ceremony was solemnized by the late Rev. Joseph Waid of Glasgow and witnessed by a group of relatives and friends.

The couple started housekeeping July 4, 1900, in the home where they still reside in Glasgow.

Mr. McEvers was affiliated with his father in conducting a general store in Glasgow, continuing in this business after the death of his father until retiring in 1921. For a number of years he also served as local postmaster, the post office being located in his store. He also has served as Scott county road commissioner and for many years was local clerk for the Modern Woodman lodge. Mrs. McEvers has served as clerk of the local Royal Neighbors lodge the past several years.

Mr. McEvers is now 71 years of age and Mrs. McEvers has reached her 67th birthday. They have one daughter, Mrs. Madalyn Barnett, who resides in this community.

The floral offerings were cared for by Dorothy Grady, Betty Angelo, Bernice Baker and Mildred Smith. Pallbearers were Ivan Angelo, Bud Angelo, Ray Baker, Sam Chaudoin, Joe Angelo and Donald Grady. Burial was in Jacksonville East cemetery.

\$1,382 Raised In  
Sale Of Easter  
Seals Thus Far

The Easter Seal sale in Morgan county, which continues through April 17, has thus far reached \$1,382.30. This fund provides for numerous services to the handicapped through the Morgan County Association for the Crippled.

These services are available to every adult and child in Morgan county. All interested individuals desiring information concerning the care, treatment, job training, education or other phases of help for disabled persons may obtain such by contacting the society, through Washington school.

E. G. Pigott, president of the society, stated that the funds raised through the annual sale of Easter Seals also helps maintain the services of the National Society for Crippled Children and Adults, with whom the local society is affiliated.

Packets of Easter Seals, containing 20 seals and a lapel pin, are available at Krogers, Ashbys, Ruby's Food Mart, Long's Pharmacy and the Purty Cleaners. The packets were prepared by the children in Miss Josephine Milligan's room at Washington school.

DOUBLE EAGLE STAMPS  
TUESDAY—HOPPER'SRescue Many Hogs As  
Potter Barn Burns

Ten sows and about 80 pigs were driven to safety Sunday afternoon at the H. Yates Potter farm on Mount Road, a short distance west of the city, after a barn was discovered on fire. One sow and eight pigs died as a result of the blaze, which entirely destroyed the barn.

A pumper from the Jacksonville fire department went to the Potter farm to fight the fire and protect other buildings nearby. Using two lines of hose and water from a cistern, the firemen held the fire to the one barn although it was located less than 100 feet from other farm structures.

One sow was so badly burned that she was shot. Eight pigs perished in the blaze.

Mr. Potter saw flames shooting from the barn when he returned home at 4:15 o'clock Sunday afternoon. He and his son, Carman Potter, hurried to the barn and released the sows and pigs. Mr. Potter and his son are widely known as Duroc breeders, having what is rated as one of the three leading herds in the United States.

The fire is believed to have started from an electric pig brooder. No one had been in the barn since feeding time Sunday morning.

A large amount of commercial feeder, hay, small implements and tools were lost in the flames. Insurance was carried on the building with a clause providing for fire protection by city equipment.

Although a high wind was blowing at the time, the flames were carried away from other buildings in the vicinity. Firemen remained at the farm for two hours until the danger was over.

The Potter farm is about a mile from the city limits on U. S. Route 36.

B.P.W.C. Meeting**

One hundred and fifty members of the Business and Professional Women's club, from District seven and from Bloomington, Macomb, Galesburg, Springfield and Jerseyville, attended the spring district meeting at Beardstown on Sunday, March 27. Mrs. Martha Meyer, president of the Beardstown club, welcomed the guests at the close of a luncheon which was served in the Marching and Chowder room of the Bowl.

Mrs. Ruth B. Jones of Champaign, president of the Illinois Federation, was the guest speaker. She chose as her subject "We Earn Our Future." Mrs. Jones highlighted the accomplishments and contributions made by the members of the federation and challenged club members to carry on their work in their businesses and professions and in the communities in which they live.

**Plan State Convention**  
In commenting on the coming state convention at the LaSalle hotel in Chicago, April 21-24, Mrs. Jones announced that Mrs. Margaret Chase Smith, United States Senator from Maine, will be the banquet speaker. Miss Mary Donlon, lawyer and chairman of the Workmen's Compensation board of New York state, will be the representative from the National Federation.

The business session was presided over by Mary Postlewait, district chairman. In the absence of Mrs. Mildred Davidson, district secretary, Miss Dorothy Rinne served as secretary pro tem. The same officers were elected to succeed themselves for the coming year.

Members of the clubs in the district were introduced by their respective presidents, and each president gave a brief resume of the year's activities in her club. These reports were given by Mrs. Martha Meyer of Beardstown, Miss Catherine Shalloe of Carrollton, Miss Dorothy Grubb of Havana, Miss Blanche Spall of Jacksonville, Miss Madge Carlton of Pittsfield, Mrs. Grace Blair of Quincy, and Mrs. Mabel R. Trone of Rushville.

**Anniversary of Club**  
This occasion also marked the twenty-fifth anniversary of the Beardstown club. Dr. Camille Baldwin, its first president and now a member of the Springfield club, was among the special guests present. Others in this group of special guests were Miss Jennie Rabjohns and Miss Agnes Paxton, who were members of the extension committee of the Jacksonville club in 1924 which helped to organize the club. Miss Harriet Maltas presented an interesting account of the twenty-five years of the Beardstown club, which is just closing one of its most active years with a membership of one hundred and one members.

Following adjournment, the Beardstown members were hostesses to the group at an informal social hour.

Members of the Jacksonville club attending this meeting were Miss Blanche Spall, Dr. Mary Louise Newman, Mrs. Anna Rogerson, Mrs. Alice Applebee, Miss Frances Bailey, Miss Marie Bossarte, Miss Verna Butcher, Mrs. Mayme Cole, Mrs. Maude Fanning, Miss Mildred George, Mrs. Lola Johnson, Mrs. Lena D. Kerns, Miss Martha Mason, Mrs. Avahlee McCarthy, Mrs. Lucille Morgan, Miss Agnes Paxton, Miss Mary Postlewait, Miss Jennie Rabjohns, Mrs. Gertrude Reynolds, Miss Dorothy Rinne, Miss Mabel Ruyle, Mrs. Marian Vinson, Miss Inez Werries and Miss Minnie Wyatt.

800 Attendance**

Eight hundred reservations have been made for the annual Jacksonville Methodist district men's banquet to be held Tuesday evening at MacMurray College. Representatives of more than 60 churches in the district will attend.

Clinton G. Bennett, c. Chicago, executive secretary of the board of lay activities of the Methodist church, will be the principal speaker.

Greetings will be extended by Dr. Sidney A. Guthrie of this city, superintendent of the Jacksonville district.

Dr. Oscar F. Galloway of the MacMurray College faculty will preside. Singing will be led by Clair Heald of the Quincy Y.M.C.A., with Harry Love of Quincy at the piano.

John Taylor of the ticket committee said Monday that there has been a heavy demand for tickets, and that indications point to the largest laymen's banquet in the history of the district.

The banquet will be served in McClelland dining hall at 6:15 o'clock, after which the program will get under way.

### Catholics Give Atabrin To India

New Delhi, India.—(P)—The National Catholic Welfare Conference of New York has made a present of 1,153,700 tablets of atabrin to India. These tablets are to be distributed among the poor suffering from malaria.

The cases of atabrin were presented by the Most Rev. Leo Peter Kierkels, apostolic internuncio in India, to Health Minister Rajkumari Amrit Kaur.

Officials say that this is the fourth gift from the Conference during the past year. The first was 600,000 pounds of wheat, the second 180,000 pounds of cereals and the third 180,000 pounds of chocolate milk powder.

### NEW BERLIN

New Berlin.—Four generations were honored at a dinner given at the Country House in Springfield by Mr. and Mrs. Ernest King. Those present were Mr. and Mrs. Raymond King, Mr. and Mrs. Harold King, Mr. and Mrs. Joseph Frank and son, John Robert.

Rev. and Mrs. Paul Laabs and daughter of St. Louis and Miss Kate Larson of Springfield were guests of Mrs. George Schup during the past week.

Mrs. Violet Taylor of Charleston, Mr. and Mrs. Evan Taylor and Edward Taylor were dinner guests of Mr. and Mrs. E. C. Coulter.

The county nurse visited the New Berlin grade school Friday and assisted Dr. T. R. Maxwell in giving vaccinations for small pox, diphtheria and whooping cough.

Mrs. Harold Perry visited in Maccon with her aunt, Miss Carrie Fink, who is a resident of the Eastern Star home there.

The Men's Civic club will hold a stag basketball banquet at the high school on Thursday, April 7.

Mrs. Nelle Stuffer suffered a fractured left ankle in an accident at her home here. She is now a patient at Memorial hospital in Springfield.

### SPREAD ON THE BUTTER SYMBOL OF GOOD LIVING

It requires nearly 10 quarts of milk to make a pound of butter... America's finest spread. There's just no substitute for golden butter in all cooked and baked foods.

### A BETTER BUY THAN IN 1920

In 1920, according to the U. S. Dept. of Labor a workman spent 120% of his hourly wage for a pound of butter. In 1948 it cost only 55% of an hour's pay... that's less than half.

### We Agree, Don't We!

"Yes, we agree all taxes should be taken off oleomargarine... BUT it shouldn't be offered as butter."

"I don't quite understand!"

"Well, we know butter by its golden color. Should oleomargarine be colored yellow in imitation of butter, our way of knowing butter would be lost."

"That's right, it would be confusing. There might be times when we'd pay for butter and get something else instead."

"So, we agree, PROTECT BUTTER'S YELLOW COLOR."

### Bulgaria's Communist Boss Seeks To Make Nation Vest Pocket Model Of Russia

(Richard Kisichke of the Associated Press has returned to Berlin from Sofia, where he reported the trial of Protestant churchmen. This uncensored story was filed from Berlin by Kisichke.)

By Richard Kisichke

Sofia, Bulgaria.—(P)—Communist boss George Dimitrov has built himself here just about the tightest little police state outside the Soviet Union. And he's still working on it. The 66-year-old dictator who, according to western diplomats here, has his cheeks and paints his mustache black to give an appearance of youthfulness and vigor, aims to credit a vest pocket model of Soviet Russia.

Moscow-trained and a confident of Stalin, Prime Dimitrov preaches that only by maintaining the closest ties and greatest reliance upon Russia can Bulgaria survive and prosper. He has decreed that anything running counter to this must be smashed as "a direct danger to our people's democracy." He has outlawed any nationalism, like Tito's in Yugoslavia, as "treason to the Soviet Union."

All Things Russian Praised

In Dimitrov's Bulgaria all things Russian are held as good and virtually all things American and British are commended. Dimitrov tells Bulgarians that the U. S. and Britain have "from the first been antagonistic toward our people's democracy." His government is promoting hostility toward the western legation here and trying to get their personnel reduced. Legislation such as the projected new church control law is designed to sever remaining ties with the West.

In the recent espionage trial of 15 Protestant pastors—and also in the controlled press—Bulgarians were told that the West was not only spying upon Bulgaria but attempting to incite a revolt.

To keep the opposition smashed Dimitrov has first of all an army. The peace treaty stipulates this could not exceed 50,000. Western officials here suspect it is nearer 65,000.

Then they are several armed civilian groups.

The strongest of the present civilian forces is the Union of Fighters Against Fascism. Americans here call them the Communist minute men and say they number nearly 250,000.

There is also a uniformed state day afternoon in Carrollton.

security police generally called the militia. It does the Gestapo secret policing.

Bulgaria is for westerners a hard country to get into and for Bulgarians a hard country to get out of.

Bulgarians who want to flee their country find it much more difficult than Czechs, whose country has long borders with such western nations as Germany and Australia. However, there are a couple of camps full of Bulgarian refugees in Turkey and Americans who have visited them say the Turks treat the refugees well.

Bulgarians say that for most of them trying to get legal permission to leave is virtually impossible. "You'd grow old and gray waiting for an exit visa," said one.

### WHITE HALL

White Hall—Mrs. Mark Lowenstein was hostess Thursday afternoon for the B. J. chapter of the P.E.O. at her home on North Main street. Mrs. G. L. Rose and Mrs. Grace Chapin conducted a quiz program with the business meeting following. The next meeting will be held in April at the home of Mrs. W. T. Stickle.

Miss Delores Hawk left Tuesday morning to accept a job in the office of the secretary of state in Springfield.

Harry Pembroke is visiting his sister, Mrs. Rexroat in this city.

Mrs. Clyde Hubbard is visiting her daughter, Mrs. Vern Cook and family in St. Louis.

The ground was broken this week for the new home of Mr. and Mrs. Schwartz of near Manchester. The new home will be located on the lot next to Mrs. Potts' home on North Main street.

Mr. and Mrs. Billy McCarthy spent Saturday night in Roodhouse. There are three candidates for the office of assessor in the election, Darold McCollum, Frank Batty and Donald Strang.

American Legion Post No. 70 held a meeting Monday night at the Griswold Annex. Captain H. C. Hynes, former post commander, attended this meeting, as he is visiting his wife and son in this city.

The Greene County Women's Democratic club held a card party at the Griswold Annex Wednesday night.

Mrs. Howard Berline spent Tuesday afternoon in Carrollton.

### Enriched Rice Cuts Bataan Disease

Manila.—(P)—Bataan, the old peninsula of death, has made an important contribution to life.

An experiment in enriching rice with vitamins and iron concentrates has proved successful in reducing malnutrition and beriberi, ancient scourge of the Asiatics.

Deaths from beriberi were reduced by one-third in seven experimental towns on Bataan, according to preliminary reports on the first four months of the program. Seventy thousand Filipinos were fed this special rice.

In the same four-month period, from October of last year to January, children in Philippine government institutions also were fed with this enriched rice. Their increases in height and weight were slightly more than those of a control group fed with ordinary white, polished rice.

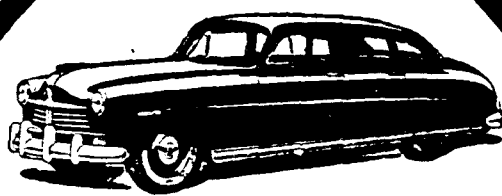

Personnel in the Philippine armed forces, who have been fed the enriched rice for six months, no longer have beriberi.

The experiment consists of adding, at a nominal cost, thiamin, niacin and iron pyrophosphate to rice in mixing machines furnished by the U. S. Public Health Service.

The rice is polished white like Asiatics like it. The Philippine government tried before to introduce the brown, unpolished rice, but Filipinos didn't like the taste.

EARLIEST "CARDBOARD"

## Rule-Makers Tighten Down On Intentional Fouling In Cage Tilts

Seattle, March 28—(AP)—Basketball's rule makers slapped the wrists of the defense today by tightening the penalty on fouling in the game's last two minutes.

From now on each foul committed in the final 120 seconds will be charged to the offending player as a technical foul. The ball will be dead after the free throw attempt and the fouled team then will take it out of bounds at center court.

This was the main rule change adopted by 18 of 19 voting members of the national basketball committee of the United States and Canada. It marked the close of a two-day session.

At present the team fouled has the option of taking the ball out of bounds or shooting the free throw.

Only One Toss If Intentional

Two charity tosses still will be given if a player is fouled in the act of shooting, but not for intentional fouling—as at present—unless unnecessary roughness is involved.

To provide compensation for the team trailing, the committee voted to rewrite the rule governing withholding of the ball from play to make it a little easier to tie up the ball.

Neither players nor spectators will be notified when the technical foul rule becomes effective. The official will be expected to watch the timer for a signal as to whether the two-minute period is under way when a foul is committed.

Make Fouls Costly

In high school games, the rule will go into effect with the first official's timeout or dead ball that occurs after the first five minutes of the fourth quarter.

Committee Secretary H. V. Porter said the rules designed to "make it too costly to intentionally foul" in the last minutes.

The committee also adopted a rule dealing with games played in quarters, such as high school games. The rule provides the ball will be put in play at the beginning of each quarter by a jump from center.

Previously, the ball had been put in play in the second and fourth quarters from out of bounds.

## Maple Leafs Beat Athletics 5 To 3

West Palm Beach, Fla., March 28—(AP)—The Philadelphia Athletics closed out their spring training at this base today with a 5-3 defeat by the Toronto Maple Leafs of the International league.

The minor leaguers broke through Charley Harris' pitching for single tallies in the eighth and ninth innings to gain their winning margins. The other three came at the expense of Phil Marchildon in the second.

The A's scored all their runs in the seventh-inning bat-around slugfest against Emery (Bubu) Church. Toronto (IL) ... 030 000 011—5 10 0 Philadelphia (A) 000 000 300—9 4

Chicago, March 28—(AP)—A \$500,000 libel suit filed by Joe Louis, retired heavyweight boxing champion, against Look magazine was dismissed today in Superior Court by Judge John E. Pavlik. Louis consented to the motion by attorneys for the magazine. He had contended he was damaged by a magazine article concerning his financial condition.

## Snead Wins Playoff From Mangrum To Take Greensboro Golf Meet

Greensboro, N. C., March 28—(AP)—Sam Snead proved a superior mudder today to defeat Lloyd Mangrum by two strokes in their playoff for the top money of \$2,000 in the Greensboro open golf tournament.

The veteran slammer from White Sulphur Springs, W. Va., posted a 35-34-89 to win the event for the third time in its 10 stagings.

Mangrum, the defending champion from Chicago, stayed with Snead for nine holes, turning in 35 but he slipped to 38 on the way back over the par 71, Starmount Forest Country club course, a 6,830 yard strip.

The two played in a steady shower that developed into a hard rain as they toured the last two holes. A surprisingly large gallery of well over 1,000 braved the conditions to watch Snead, a prime favorite here,

come up with the better putting which was the deciding factor.

The two had tied yesterday at 276 for 72 holes.

The \$1,400 he picked up for finishing second boosted Mangrum into golf's top money position with a total of \$8,607.50. Snead moved up into fifth place with a bankroll of \$6,360.83 for the year.

It was the season's first tournament triumph for Snead, whose best previous efforts were a second in the Texas open and a tie for third at Phoenix.

Snead was his usual booming, accurate self off the tees and this factor, coupled with his sharper putting, told the story.

Mangrum was hurt by his faulty putter. He missed one from about 18 inches on the fifth, another from three feet on the 11th and one from four feet on the 13th. Snead, meanwhile, was getting his short putts and several times just missed 20 footers and over.

Snead went ahead to stay on the 11th. He canned an eight-footer for his par four while Mangrum blew one from three feet for a five.

Sammy went two up with a par four on the 13th. He just missed a bid for an eagle from 25 feet away. Mangrum couldn't drop his from four feet.

They halved the last five holes. Snead gave the drenched gallery a thrill on the short 17th when his 45-foot putt hopped over the hole.

## Training Camp Briefs

Clearwater, Fla., March 28—(AP)—Pitcher Floyd "Bill" Bevens, who was within one out of a no-hit world series game in 1947, was returned to the New York Yankees today by the Chicago White Sox.

Bevens was sold conditionally to the Sox during the winter. He was inactive virtually the entire 1948 season because of a sore arm.

The hurler has been ordered to report to the Yankee camp at Boyes Springs, Calif., where several farm clubs are training.

Clearwater, Fla., March 28—(AP)—Four pitchers and a catcher were sent to various farms today by the New York Yankee baseball club.

Pitchers Dave Madison, Mallette and Bob Keegan were returned to the Kansas City Blues of the American association.

Pitcher Dick Carr and Catcher Hank Foiles were sent to the Orangeburg, S. C., camp of the Birmingham, N. Y., team.

St. Petersburg, Fla., March 28—(AP)—Erv Dusak, who apparently has not out in competition for an outfield job with the St. Louis Cardinals, will be given a chance to stay with the club as a pitcher.

A fine defensive outfielder, Dusak batted only .209 last year and has shown no signs of improvement this spring.

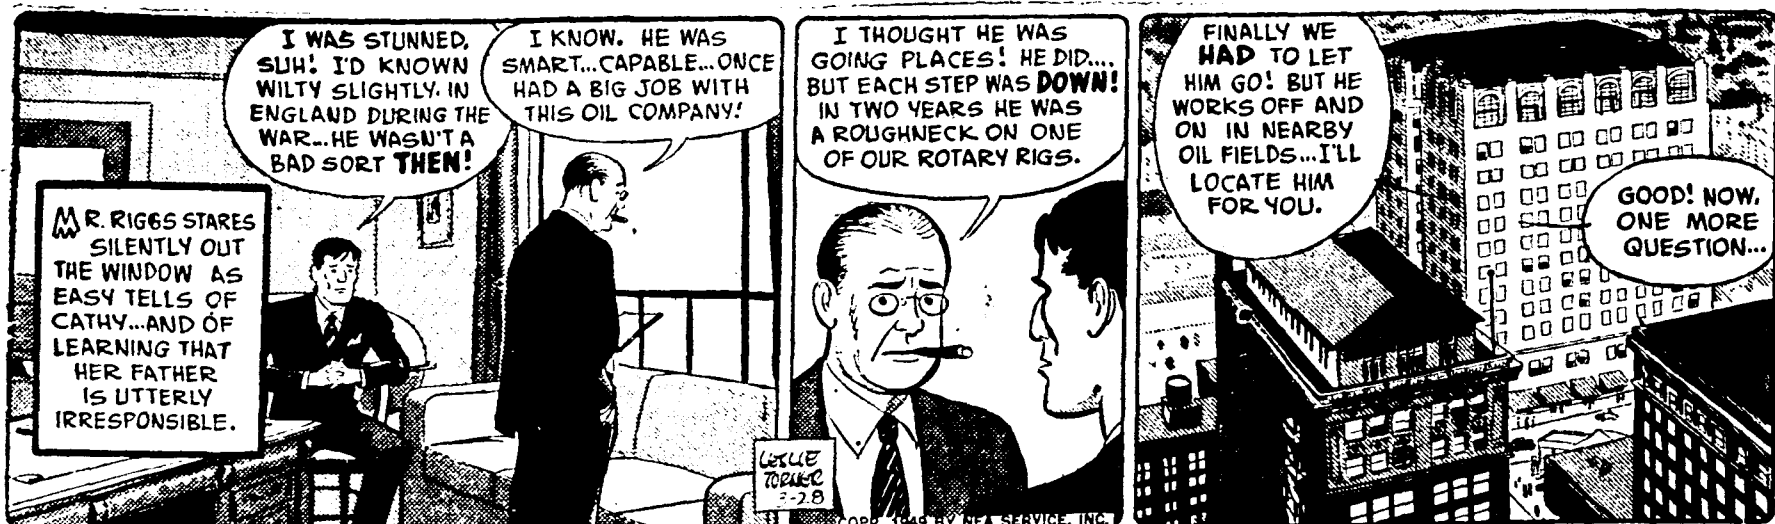

Manager Eddie Dyer announced yesterday that Dusak will be shifted to the pitching staff and will start on the hill against the Boston Braves at Bradenton, Fla., Wednesday afternoon.

Phoenix, Ariz., March 28—(AP)—Pitcher Hank Behrman said today

ROGER THE LODGER

By Elizabeth R. Roberts

THE STORY: Mr. and Mrs. Roberts, living at Great Falls, Mont., during the war, do their share toward relieving a housing shortage by taking a roomer. The guest, known as Roger the Lodger, drives the Roberts car into a ditch, injures a general and a major for dinner, exhausts the family's red ration points, and then persuades Mrs. Roberts to entertain the colonel, his secretary, his adjutant, his sister and his girl friend. Now Roger has arranged a trip to Yellowstone out of the Roberts family.

studying my face and I purposely cultivated a vacant stare. . . . After all, accidents may happen to anyone.

We reached Mammoth Hot Springs in time to investigate the sulphur deposits and caverns before dinner. "Roger," Major Drummond said, "Remind me of tunnels of love and papier-mache mountains on a roller coaster."

"If we hurry," Roger said, as though we'd been doing anything else but, "we'll get to the Canyon for sunset. But I've got to tighten this sun visor before we go any farther. Keeps falling down and bothering me." He tightened it. It really fell down this time—fell right into his lap. "Hot!" he observed. "Crystallized. Oh, well, the sun will soon be set. Won't need it after all." This time Major Drummond avoided my questioning eye.

"ALL aboard!" Roger called, hurrying us by speeding up the motor and letting it backfire. It made a loud bang.

"There goes your muffler," Major Drummond said, laconically, like a disinterested spectator calling out a score.

We root-a-tooted to the Canyon in time to see the setting sun tint the rock walls a variegated pattern in soft colors, and later we trooped to the dump to watch the bears come down from the woods to feed.

The only spectacle we didn't see was the person who spotted the yellow necks of our life guard tubes sticking out like horns, and who removed them and their new time something during the night, substituting what he had on hand at the moment.

"You're insured, aren't you?" Roger asked.

"Yes. But—" I began, remembering how scarce good tires were. "No but's about it," he said playfully. "Just let the insurance company worry."

We drove the loop to the Lake, (To Be Continued)

Unable to come to a stop until we had passed our vantage point by several hundred yards, rather than back up, we piled out to walk. "Lock the doors," Major cautioned. "Remember the tires." We locked the car thoroughly.

AND then we discovered that Roger had left the key in the ignition. "That's all right," he reassured Major, who was preparing to have a fit, "Lee has her keys." Aware of my blank face, he added in anguished disbelief, "Haven't you?"

I stood paralyzed, dumb as a fish.

"That's a woman for you," Roger called on the world to note. "Never has her keys when she needs them. Always getting locked out of her house. Or her car."

"But," I began.

Roger cut me off with a motion of disgust. He walked over where Major Drummond had busied himself attempting to pry a window open with a knife blade. "Too good a job of locking up," he said. "And miles from nowhere."

Roger contributed, looking at me reproachfully. "You leave me no alternative but to break a window." He picked up a rock. "A beautiful car like this and I have to maim it. . . . I feel as wanton as though I were deliberately destroying an object of beauty." He poised the rock a moment while he fixed me with his eye and let his lecture sink in. He repeated, "I never thought you'd do anything so foolish as to leave your keys at home."

With that, he cracked the ventilating window. I turned my back while he whammed it again. Knocking a hole in a car window is something akin to knocking out a front tooth; it leaves a gap which is both unbecoming and raw, and out of all proportion to its actual size. That hole was bigger than the Grand Tetons; I couldn't see them for looking at it.

## 'The Courage To Live Is Our Greatest Need,' Rotary Speaker Says

Courage to live is America's greatest need, declared Jeff Williams of Chickasha, Okla., when he addressed 637 Rotarians and Rotary Anns, representing 42 Rotary clubs of the 146th district, who attended the Governor's dinner and dance held at McClelland hall Monday night.

## David Schaffnit Claimed By Death; Services Tuesday

David A. Schaffnit died Sunday evening in his home at 1330 West State street after a brief illness.

Mr. Schaffnit was born on a farm north of Perry, Ill., Dec. 6, 1886. He attended the Perry schools and Gem City Business College. In 1935 he married Mary G. Williams, who with her daughter Eva Williams, survives him.

For several years he was a salesman for men's clothing. After moving to Jacksonville in 1918 he was engaged in the stock and brokerage business.

Mr. Schaffnit was the last member of a large family. Four nephews remain, Amos Schaffnit of Los Angeles, Denis Schaffnit of Omaha, Frank Yockey of Beardstown and Roy Yockey of Perry, and one niece, Mrs. Della Crampton of Cedar Rapids, Iowa. He was a member of the Christian Science church of Jacksonville.

Funeral services will be held at the Reynolds Mortuary at 3:30 Tuesday afternoon with interment in Diamond Grove cemetery.

## Many Attend Rites Sunday Afternoon For Guy Coultas

Largely attended rites for Guy Coultas, who died suddenly Thursday afternoon following a heart attack, were held Sunday at 3:30 p. m. at the Williamson Funeral Home.

The Rev. Roy S. Hulan was the officiating minister.

Organ selections were played during the service by Mrs. G. O. Webster.

Caring for the floral tributes were Mrs. Frank Crawley, Mrs. Nancy Lindley, Mrs. Clifton Davis and Mrs. Minnie Barr.

The pallbearers were A. R. Cully, Howard Becker, Arvill Becker, John Becker, Roy Sonnenborn, Carl Anderson, Harold Perbix and Hal Nelson.

Interment was in Memorial Lawn cemetery.

## Morgan Dentists Review Problems At Session Here

A discussion of five problems of the dental profession was led by as many Morgan county dentists at the regular meeting of the Morgan county Dental society held at Hamilton's Cafe last week.

Members present included Doctors Francis Arndt, Allan Biggs, Robert Herr, Ross Bradley, J. L. Bunch, Howard Carey, M. A. Summers, R. P. Templin, S. V. Weller, William Young and G. E. Follmar, all of Jacksonville, Dr. Robert Lee of Waverly, Dr. Ralph Grebe of Meredosia, and Dr. Harper of Chandierville.

Dr. Weller was the program chairman. The talks were designed to present individual solutions to common dental problems.

Dr. Follmar discussed simple dental appliances designed to hold a child's teeth in correct relationship following premature loss of one or more deciduous teeth.

Dr. Bunch reviewed the treatment plan for fractured incisors; Dr. Angel presented his instruction technique regarding proper brushing technique; Dr. Carey offered a solution to the problem of retaining dressings in infected sockets following extractions and Dr. Biggs described his instruction to patients when they receive new full dentures.

An informal group discussion of the five topics followed.

## Mrs. Oris Hale Dies At Friend's Home In Scott

Mrs. Oris Hale passed away at the home of Mrs. Stella Middendorf in Winchester at 4:45 p. m. Monday. She had resided with Mrs. Middendorf for the past 4 years. However, the deceased had formerly lived in Meredosia and the surrounding vicinity.

Mrs. Hale was born in Wise, Virginia, on April 25, 1872, the daughter of Hiran and Agnes Cooper. She was united in marriage with J. S. Hale, who preceded her in death in December of 1940. Fourteen children were born to this union. Three daughters and a single son preceded her in death.

The surviving children include Mrs. Charles Valley, Beardstown; J. H. Hale, Peoria; Mrs. Lloyd Ogle, Jacksonville; Mrs. Somers Christy, Rock Island; Mrs. Elva Shute, Beardstown; Mrs. James Anderson, Chapin; Everett E. Hale, Beardstown; Evan G. Hale, Amory, Miss.; Mrs. Harold Gard, Pittsfield; Mrs. Lorane Johnson, Springfield. Also surviving is one brother, J. H. Cooper, of Springfield, Ark., a sister, Mrs. Vesta Culbertson, Colburn, Va., 17 grandchildren and 10 great-grandchildren.

Mrs. Hale was a member of the Friendship Baptist church in Winchester.

The body is at the Williamson Funeral Home in Jacksonville, where funeral arrangements are incomplete and will be announced later. The family will meet friends at the Funeral Home from 7:30 to 9 p. m. Tuesday.

## Margaret Leahy Of Near Ashland Succumbs Monday

Ashland—Mrs. Margaret Leahy, widow of the late Thomas F. Leahy, died Monday morning at 4 o'clock at her home southeast of Ashland.

Born in Prentice on March 17, 1861, Mrs. Leahy was the daughter of Patrick and Mary George Collins, both natives of Ireland. She was one of ten children.

Her husband, Thomas, preceded her in death on Dec. 2, 1933. She was preceded in death by all members of her immediate family with the exception of a sister, Mrs. Simon Mahoney of Ashland.

Surviving are six children, Mrs. Roy Davin of Pleasant Plains, James F., at home, T. P. of Ashland, Joe J., also of Pleasant Plains, Edward T., of Kansas City, Mo., and Francis C., of Glenasmole, one nephew, J. Ralph Leahy, who was reared by the deceased, and seven grandchildren and one great grandchild.

## Council Lets Contract For Traffic Signals

Street and signal lights for installation at South Main street and College avenue will be furnished by the Graybar Electric Co., of Chicago for the sum of \$1,663.98, according to a decision reached by the council last night.

The bid of the Graybar company was found to be the lowest and best of four submitted by competing firms a week ago. Bids were evaluated by Casler & Stapleton, consulting engineers, who made known their findings in a letter to the council.

The motion to award the contract to the Chicago company was made by Alderman Reid, seconded by Alderman Flynn. The materials are expected to be delivered ready for installation in about 10 weeks, Engineer Kenneth Stapleton stated.

**Discuss So. Main Pavement**  
Mayor Hoagland called attention of the council to the condition of the South Main street pavement, particularly south of Morton avenue, where a large number of bricks have broken or become loose. The mayor said action must be taken soon to repair the street, which is on a state route.

O. H. Spaulding, superintendent of streets, said paving bricks of the type in the South Main paving are not available from brick yards in this area.

A Springfield manufacturing company, he reported, would not furnish this kind of brick unless in 100,000 lots, which is a far greater order than is needed. Mr. Spaulding said the next best method of repair would be with concrete or asphalt, which probably will be used if paving bricks are not located.

**Hear Boat Club Request**  
Engineer Stapleton reported that the state division of highways has agreed to furnish steel for rebuilding the bridge across Mauvaisterre creek at Brooklyn avenue, which is just outside of the city limits. The engineer said the installation work will be done by Road District 7. The bridge has been closed for more than a year, since it was damaged by a heavy transport truck and trailer.

The desire of the Jacksonville Boat club to make further improvements on its property at Lake Mauvaisterre, which it leases from the city, was reported by Alderman Kelly. He said the boat club lease now contains a 90 day cancellation clause, but club officials believe their organization should be given more protection under terms of the lease if they add improvements to the property. The matter was referred to the city attorney.

**Read Appropriation Ordinance**  
The latter portion of the council proceedings was occupied by the second and final reading of the appropriation ordinance. City Attorney Fay read the appropriations for the various departments, with frequent intervals of discussion as figures were revised before final action. The ordinance sets up appropriations totaling \$285,000 for general corporate purposes during the present year. It was passed by the council and made ready for legal publication.

## Franklin Students Place In Local Music Contest

Students of Franklin High School placed in the first or second division of Class D schools in eight of their thirteen entries in the H.S.A. District Music Contest held in Jacksonville last Saturday.

The boys' octette, composed of Paul Crow, Keith Gibb, Bernard and Carroll Newingham, Jerry Ramsey, Jimmy Ranson, Darrell Smith, and Joe White, placed in the first division, as did the girls' quartette, composed of Kathryn Ann Seymour, Bertha Nelson, Martha Smith, and Beatrice Ball. The girls' trio, made up of Marilynne Chance, Marilyn Rawlings, and Mary Jo Thompson, and soloists Eva Crow, Mary Jo Thompson, Kathryn Ann Seymour, Martha Smith, and Jerry Ramsey placed in the second division.

The boys' octette and the girls' quartette, which placed first, will go to the state finals at Macomb, to compete with other Class D school winners. Class D schools are those with an enrollment of one hundred fifty or less.

## Glenn J. Turner, Ashland Resident, Dies Here Monday

Ashland—Glenn J. Turner, well known Ashland resident, died at a Jacksonville hospital early Monday morning, following a lingering illness.

He was born in Virginia on Nov. 5, 1905, a son of Robert and Belle Needham Turner. In 1932 he married Nettie Tucker of Ashland.

His parents and wife and one son, Robert, survive him. He also leaves two brothers and two sisters, Harry and Virgil Turner, Mrs. Hazel Brunk and Miss Marion Turner, all of Virginia.

Mr. Turner sustained a severe spine injury about nine years ago when he fell from a highline pole. He left the employ of the Sangamo Electric company in 1946.

He was a member of the Ashland Christian church, where funeral services will be held at 2:30 p. m. Thursday, with the Rev. Len Faulk in charge. Burial will be in Ashland cemetery.

The body is at the Gainer Funeral Home.

## Thursday Final Date To Sign Up For AAA Program

A warning that Morgan county farmers have only a few more days to sign up under the 1949 Agricultural Conservation program, was issued Monday by Wallace T. Hembrough, chairman of the local AAA county committee.

Those farmers who desire to qualify for program assistance and still haven't signed up should take immediate action to complete a farm worksheet at the county office.

The March 31 deadline is a rigid program requirement. The committee stated he would hate to have any farmers lose out on program benefits merely because the signing date was overlooked.

The 1949 program is especially attractive. With additional funds available individual farm payments should be larger. Special assistance and emphasis is being placed on sod waterway construction. "No farmer should overlook this 1949 ACP program," said Committeeman Hembrough.

Four men, Jesse Timmons, Leslie Lewis, Lester Martin, and Charles McGuire are now checking requests from operators who have already signed up for the special sod waterway practice. This is an additional payment that can be earned by performing one or more of the regular practices.

The regular practices are: contouring intertilled crops, contour farming of drilled or close-sown crops, standard terraces, pasture establishment or improvement, green manure crops, water channel flumes or chutes and outlets, liming materials and fertilizers.

The sign-up to date has been very satisfactory. Totals from the state office as of March 18 indicated Morgan county ranked third among the counties of the state in percent of signed work sheets. Monroe county was first with 82.9%; Platt county, second, 82.2%; and Morgan, third, 80.9%.

The Morgan county office is anxious that all interested parties contact the office on or before the 31st of March.

**Hold Klinghammer Services Sunday; Burial At Ramsey**

## 73 Year Old Woman Returned To Hospital Under Police Guard

**BULLETIN**  
City, county and state officials announced late last night that Mrs. Bertha Sparks, 73, confessed that she struck Samuel Mack Chaudoin on the head with a poker at her home, 334 E. Washington street, early on the night of Friday, March 25.

Justice of the Peace C. S. Smith was called to the court house and a warrant was sworn out for Mrs. Sparks.

After being placed under bail she was returned to Passavant hospital where she was placed under police guard.

Shortly after a coroner's jury returned an open verdict, following an inquest conducted by Coroner Clarence H. Muehlhausen at the Gillham Funeral Home, Monday afternoon, city and county officials resumed their investigation into the death of Samuel Mack Chaudoin, who was found in a blood splattered room at the home of Mrs. Bertha Sparks, at 334 East Washington street, Saturday morning.

State's Attorney Albert W. Hall, Assistant State's Attorney William T. Wilson, and Chief of Police Frank D. Kiloran, were joined in the investigation by two representatives of the State Bureau of Identification, Norman J. Lee, chief investigator, and William Abernathy, polygraph (lie detector) operator.

**Have Quizzed 24 Persons**  
More than 24 persons have been questioned by the officers during the past 24 hours. Several persons were waiting to be interrogated early Tuesday morning.

The officials set up the "lie detector" in the chambers of the circuit judge on the second floor of the Morgan county court house.

Mrs. Bertha Sparks, in whose home Mr. Chaudoin was found dead, was among those questioned by the officers. Mrs. Sparks willing submitted to the polygraph test. She was first interrogated about 4 o'clock Monday afternoon, the questioning continuing for more than two hours. A recess was taken for dinner and the officials and those to be questioned returned to the court house about 8 o'clock when the questioning of Mrs. Sparks and others was resumed, continuing throughout the evening, and into the early hours of the morning.

**Results Of Tests Not Revealed**  
The results of the polygraph finding will not be made public until they have been thoroughly checked and all persons questioned.

Mrs. Sparks, who has been a patient at Passavant hospital, was brought to the court house by Patrolman Arthur Woods and Special Matron Mrs. John Irlam. The matron remained with Mrs. Sparks until she was returned to the hospital.

State's Attorney Hall assisted Coroner Muehlhausen in questioning witnesses at the inquest.

The first witnesses at the inquest were Mrs. Pauline Stone, 117 East Dunlap street, a daughter of Chaudoin.

She told the jurors that Chaudoin made his home with her and that he left her home at 3 o'clock Friday afternoon. In answer to a question by the coroner, she said that at that time her father had not been drinking, and showed no evidence of having been in a fight. She said he received his pension check on Friday, March 18. She testified that as far as she knew, her father had never stayed at the home of Mrs. Bertha Sparks.

Alfred C. Smith, 538 North West street, told the jurors that Mrs. Sparks is his mother-in-law and that she was a second cousin of Mr. Chaudoin. He said he and his wife visited Mrs. Sparks last Friday morning but at that time Mrs. Sparks did not mention Chaudoin's name. He said he never met Chaudoin previously told him that Chaudoin sometimes visited at the Sparks home.

**Someone Knocked At Door**  
Pearl Brown, 320 East Washington street, said that he had known Mack Owens (Chaudoin) for 25 or 30 years. He testified that between 8 and 3:30 o'clock Friday night, some one knocked on the side of his house and wanted to know if Mrs. Hazel Watts was there. He said the voice sounded like that of Mack Owens, but that he did not see the man. He said that he had retired and that he did not hear any unusual noise at the Sparks home, which is directly across the street from the Brown residence.

Brown testified that about 10:00 o'clock Saturday morning he was up town when someone told him Mrs. Sparks was on the floor and for him to tell Byron Hocking to come down. He met Hocking and delivered the message.

Byron Hocking, 207 East College avenue, the next witness said that he had known Mack Owens for several years and that he last talked with him about a week ago.

Hocking said that Pearl Brown told him that Bertha Sparks was on the floor at her home and that they wanted Hocking to come down. Hocking said he went to the Sparks home, knocked on the door, which was opened by James Jacobs. He said that when he saw Chaudoin on the floor he realized he was dead. He testified that Mrs. Sparks was sitting on the floor and told him to look after Mack.

Hocking said he told Mrs. Sparks that Chaudoin was dead. He stated that Mrs. Sparks then began crying. "I hurried to the police station to notify the officers," Hocking concluded.

**Saw Chaudoin At Home**  
Mrs. Hazel Watts, a neighbor of Mrs. Sparks, residing at 329 East Washington street, said she knew Mr. Chaudoin as Mack Owens. She said she had noticed him around the Sparks home two or three times, the last time on Friday afternoon between 3 and 4 o'clock. She did not see him go into the house.

On Friday night about 8:30 o'clock she said that some man came to her house and said that Mrs. Sparks wanted to see her. Mrs. Watts said she had retired and did not go to the Sparks home. She said that she did not hear any disturbance at the Sparks home, explaining that she had her radio on. Mrs. Watts said she did not know whether it was Mr. Chaudoin who had come to her house.

**Describes Wounds On Head**  
Dr. Hugh A. McKinley, who performed the autopsy on the body of Mr. Chaudoin, sent the following deposition to the coroner who had it read to the jurors. The deposition follows:

"The body is identified as that of Samuel Mack Chaudoin revealing no rigidity but dependent lividity. There is 'L' shaped laceration with penetration to the bone of the mid-frontal scalp, 2 cm beyond the hair line. The long axis of this 'L' is 4 cm in length; 3 cm to left and one cm to right of mid line. At the left margin its short right angle base is 5 cm and is directed forward. Beneath this wound on the inferior aspect of the scalp is an ovoid hematoma 5 cm in diameter. No cranial fractures are present. A hematoma occupies the soft tissue of the left orbital fossa. There is superficial hemorrhage from the right ear, slight healing abrasion of the anterior surface of the right knee and dorsum to the left hand. Upon opening the calvarium there is intracranial hemorrhage at the base of the left temporal lobe and rupture of the vessel identified as the left cerebral posterior a branch of the left basilar artery. The hemorrhage covers the superior aspect of the left portion of the tentorium.

**"Cause Of Injuries Unknown"**  
The jury returned the following verdict:

"We the jury, sworn to inquire into the death of Samuel Mack Chaudoin, sometimes known as Mack Owens, on oath do find that he came to his death by intracranial hemorrhage of the left cerebral hemisphere as a result of trauma or injury to branch of left basilar artery. Cause of injuries unknown."

Members of the jury were: Harold Hills, foreman, Harold Hempel, Alvin Middendorf, Robert Boss, Joe Carrigan and Ray Suter.

Mrs. Nancy Schindler was the stenographer.

Funeral services for Mr. Chaudoin were conducted at the Gillham Funeral Home Monday afternoon at 2 o'clock with the Rev. W. J. Boston officiating.
